

"I am playing in one netroom"

robotic network experiment

a homage to Alvin Lucier's "I am sitting in a room"

Graz Nov 2010,
Winfried Ritsch

Each 30 sec one room is streaming the room with audio and video played by the piano to next room, which is recording the audio and play this back the next 30 sec and so on until the resonances of all rooms are played by the pianos.
